SOFTWARE LICENSE
NORTEL NETWORKS TELECOMMUNICATIONS PRODUCTS

THIS LEGAL DOCUMENT IS A LICENSE AGREEMENT ("License") BETWEEN YOU, THE END-USER ("CUSTOMER") AND NORTEL. BY ACQUIRING A SYSTEM, AN UPGRADE TO AN EXISTING SYSTEM OR SOFTWARE PRODUCTS FROM NORTEL OR A NORTEL DISTRIBUTOR, YOU, THE CUSTOMER, AGREE TO BE BOUND BY THE TERMS OF THIS LICENSE.

Subject to the terms hereinafter set forth, NORTEL grants to CUSTOMER and/or its representatives, with a "need to know," a personal, non-exclusive license (1) to use the licensed software, proprietary to NORTEL or its suppliers and (2) to use the associated documentation. CUSTOMER is granted no title or ownership rights, in or to the licensed software, in whole or in part, and CUSTOMER acknowledges that title to and all copyrights, patents, trade secrets and/or any other intellectual property rights to and in all such licensed software and associated documentation are and shall remain the property of NORTEL and/or NORTEL's suppliers. The right to use licensed software may be restricted by a measure of usage of applications based upon number of lines, number of ports, number of terminal numbers assigned, number of users, or some similar measure. Expansion beyond the specified usage level may require payment of an incremental charge or another license fee.

NORTEL considers the licensed software to contain "trade secrets" of NORTEL and/or its suppliers. Such "trade secrets" include, without limitation thereto, the specific design, structure and logic, without limitation thereto, the specific design, structure and logic of individual licensed software programs, their interactions with other portions of licensed software, both internal and external, and the programming techniques employed therein. In order to maintain the "trade secret" status of the information contained within the licensed software, the licensed software is being delivered to CUSTOMER in object code form only.

NORTEL or any of its suppliers holding any intellectual property rights in any licensed software, and/or any third party owning any intellectual property rights in software from which the licensed software was derived, are intended third party beneficiaries of this License. All grants of rights to use intellectual property intended to be accomplished by the License are explicitly stated. No other grants of such rights shall be inferred or shall arise by implication.

CUSTOMER warrants to NORTEL that CUSTOMER is not purchasing the rights granted by this License in anticipation of reselling those rights.

CUSTOMER shall:

· Hold the licensed software in confidence for the benefit of NORTEL and/or NORTEL's suppliers using no less a degree of care than it uses to protect its own most confidential and valuable information; and

· Keep a current record of the location of each copy of licensed software made by it; and

· Install and use each copy of licensed software only on a single CPU at a time (for this purpose, single CPU shall include systems with redundant processing units); and

· Affix to each copy of licensed software made by it, in the same form and location, a reproduction of the copyright notices, trademarks, and all other proprietary legends and/or logos of NORTEL and/or NORTEL's suppliers, appearing on the original copy of such licensed software delivered to CUSTOMER; and retain the same without alteration on all original copies; and

· Issue instructions to each of its authorised employees, agents and/or representatives to whom licensed software is disclosed, advising them of the confidential nature of such licensed software and to provide them with a summary of the requirements of this License; and

· Return the licensed software and all copies through an Authorised Distributor to NORTEL at such time CUSTOMER chooses to permanently cease using it.

CUSTOMER shall not:

· Use licensed software (i) for any purpose other than CUSTOMER's own internal business purposes and (ii) other than as provided by the License, or

· Allow anyone other than CUSTOMER's employees, agents and/or representatives with a "need to know" to have physical access to licensed software, or

· Make any copies of licensed software except such limited number of object codecopies in machine readable form only, as may be reasonably necessary for execution or archival purposes only; or

· Make any modifications, enhancements, adaptations, or translations to or of licensed software, except as may result from those CUSTOMER interactions with the licensed software associated with normal use and explained in the associated documentation; or

· Attempt to reverse engineer, disassemble, reverse translate, decompile, or in any other manner decode licensed software, in order to derive the source code form or for any other reason; or

· Make full or partial copies of any documentation or other similar printed or machine-readable matter provided with licensed software unless the same has been supplied in a form by NORTEL intended for periodic reproduction of partial copies; or

· Export or re-export licensed software and/or associated documentation from the fifty states of the United States and the District of Columbia.

· NOTE: Notwithstanding the above restrictions, if CUSTOMER has licensed the licensed software under a "site license" option as set forth in CUSTOMER's purchase agreement, CUSTOMER is authorised to make a limited number of copies of the licensed software and documentation to support additional users as specified in CUSTOMER's purchase agreement.

CUSTOMER may assign collectively its rights under this License to any subsequent owner of the associated hardware, but not otherwise, subject to the payment of the then current license fee for new users, if any. No such assignment shall be valid until CUSTOMER (1) has delegated all of its obligations under this License to the assignee; and (2) has obtained from the assignee an unconditional written assumption of all such obligations; and (3) has provided NORTEL a copy of such assignment, delegation and assumption; and (4) has transferred physical possession of all licensed software and all associated documentation to the assignee and destroyed all archival copies. Except as provided, neither this License nor any rights acquired by CUSTOMER through this License are assignable. Any attempted assignment of rights and/ortransfer of licensed software not specifically allowed shall be void and conclusively presumed a material breach of this License.

If NORTEL (i) claims a material breach of the License, and (ii) provides written notice of such claimed material breach to CUSTOMER and (iii) observes that such claimed material breach remains uncorrected and/or unmitigated more than thirty (30) days following CUSTOMER's receipt of written notice specifying in reasonable detail the nature of the claimed material breach, then CUSTOMER acknowledges that this License may be immediately terminated by NORTEL and CUSTOMER further acknowledges that any such termination shall be without prejudice to any other rights and remedies that NORTEL may have at law or in equity.
